The Canadian Academy of Dental Health and Community Sciences' Harassment, Violence and Sexual Violence policy provides guidance for the prevention and program management of harassment, violence, and/or sexual violence in the study and workplace environment for the protection of its students, faculty, volunteers, staff, clients, career college management (corporate directors, controlling shareholders, owners, partners, other persons who manage or direct the career college's affairs, and their agents), contractors and visitors. This policy applies to all workplace activities (conferences, work sponsored functions, work related activities) that occur both at and away from the workplace.

CADH will ensure that, in consultation with the Joint Health and Safety Committee, it will develop and maintain a written program to implement the policy with respect to workplace harassment, workplace violence and sexual violence.

1. General

- (a) The Canadian Academy of Dental Health and Community Sciences (CADH) is committed to providing an environment free of harassment, violence, sexual violence and domestic violence where all individuals are treated with respect and dignity, can contribute fully and have equal opportunities. Individuals who report incidents of sexual violence or threats from a domestic dispute will be treated with dignity and respect.
- (b) CADH complies with the Ontario Human Rights Code (the Code), under which every person has the right to be free from any kind of behaviour that makes him/her feel threatened, intimidated or assaulted, whether it is physical, sexual, bullying or verbal in nature. CADH will not ignore, condone, or tolerate harassment, violence or sexual violence against any member of its community. If a claim of harassment, violence, or sexual violence is proven, disciplinary measures will be applied, up to and including termination from employment, studies and/or client care, as appropriate.
- (c) CADH is committed to a comprehensive strategy to address harassment, violence, and sexual violence including:
- Providing training and education to ensure everyone is aware of their rights and responsibilities
 - Regularly monitoring organizational systems for barriers related to Code grounds
 - Preparing an effective and fair complaints procedure
 - i. Including measures and procedures for workers to report incidents of workplace harassment to the employer or supervisor
 - ii. Including measures and procedures for workers to report incidents of workplace harassment to a person other than the employer or supervisor, if the alleged harasser is the employer or supervisor
 - a. CADH will set out how information obtained about an incident or complaint of workplace harassment, including identifying information about any individuals involved, will not be disclosed unless the disclosure is necessary for the purposes of investigating or taking corrective action with respect to the incident or complaint, or is otherwise required by law
 - b. CADH will set out how a worker who has allegedly experienced workplace harassment and the alleged harasser, if s/he is a worker of the employer, will be informed of the results of the investigation and of any corrective action that has been taken or that will be taken as a result of the investigation •
Promoting appropriate standards of conduct at all times.
- (d) CADH acknowledges that an inspector is allowed to order an employer to have an inspection of workplace harassment be conducted by a third-party person.
- (e) The person accused of engaging in harassment, violence, or sexual violence will be referred to as the “Respondent” and the person making the allegation as the “Complainant”.

2. Policy Purpose and Objectives

The purpose of this policy is to establish procedures to reduce the risk of harassment, violence and sexual violence within the study and workplace environment and to foster a study and workplace that is safe and secure. Please note that there will be no negative consequences for reports made in good faith. To establish this policy, CADH has consulted the joint health and safety committee (JHSC) and the following legislation governing workplace harassment, violence and sexual violence in Ontario:

- The Occupational Health & Safety Act (<https://www.ontario.ca/laws/statute/90o01>)
- The Criminal Code of Canada (<https://laws-lois.justice.gc.ca/eng/acts/c-46/>)
- The Ontario Human Rights Code (<https://tinyurl.com/yck25en6>)
- The Workplace Safety and Insurance Act, 1997 (<https://www.ontario.ca/laws/statute/97w16>)
- The Compensation for Victims Crime Act (<https://www.ontario.ca/laws/statute/90c24>)
- The Regulated Health Professions Act (<https://www.ontario.ca/laws/statute/91r18>)

Copies of the above are available in the CADH Learning Resource Center.

The objectives of the Harassment and Violence Policy are to:

- Ensure all members of the CADH community are aware that harassment, violence and sexual violence are unacceptable practices, do not align with CADH standards of conduct and are in violation of the law
